Announcement

Student award of the Ladies Night for Women in Engineering Sciences for young researchers

Who can participate?

All female students from the engineering sector of MINT (faculties FVST, FMB, FIN, FEIT, FMA, FMATH, FNAT).

What do I have to do?

Prepare a scientific poster about your research (bachelor's or master's thesis, Hiwi, Internship or proposal for future projects) until **March 31, 2022**. The poster must comprehensively explain the contents of the research to a jury of non-experts. Review of the posters will specifically focus on how the relevance of this work for future scientific or technical use for the general public is presented. Information about the format and guidelines that the poster has to meet can be found on the Ladies Night Website (<http://www.fvst.ovgu.de/Ladies+Night.html>).

Format of Posters: A0, portrait format.

Form of delivery: only digitally via email to ladiesnight@ovgu.de.

What can I win?

All posters that fulfil the guidelines will be printed in size A0 and reviewed by a jury consisting of scientists from different research areas at the OVGU. The winners are announced during the main event of the Ladies Night on April 21, 2022. Besides a certificate the award winners will also receive a gift certificate for the university bookshop Coppenrath und Boeser sponsored by AxeTrading.
